## Our Story

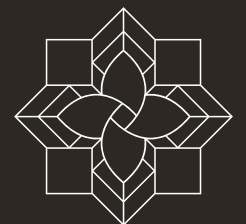

Welcome to the natural, scented world of Max Benjamin, an Irish fragrance studio with a nomadic spirit. Situated in the Wicklow mountains surrounded by rambling scented hedgerows and breathtaking scenery, our collection of candles and diffusers are inspired by both our travels around the world and the natural habitat on our doorstep.

Named after Orla's twin boys, Max and Ben, our founding philosophy — to uplift everyday lives through the power of evocative scent — still rings true today.

As a family, we combine traditional and modern fragrance making techniques to create products that uplift the soul. Our essential oils are selected by hand from artisan fragrance houses to help you relax and unwind.

Mark, Orla & David Van den Bergh
